Graphic Design

The art and practice of planning and projecting ideas and experiences with visual and textual content. Graphic design communicates certain ideas or messages in a visual way. These visuals can be as simple as a business logo, or as complex as page layouts on a website. It helps the producer to connect with the consumer. It conveys the message of the project, event, campaign or product.
Rip Bull Networks being in the tech industry creating applications and software like messaging SDKs and Chat API that embed rich chat features for more advanced texting functionality.
